

POLICY FOR ACADEMIC EXCELLENCE

INTRODUCTION

Loyola Academy is committed to Universal Value Based Education System through excellence in Academic, Co-curricular & Extra Curricular activities and to mould, nurture and develop high quality, creative, innovative, dedicated, professionals bearing impeccable moral characters. Loyola Academy will provide students the knowledge, insight, and skills needed to comprehend, achieving academic excellence is a process of both formal and informal education. Every student will have the opportunity to enter into an intellectually engaging and challenging experience living-learning, community-based, faculty-mentored research and internships to graduate enriched and fully prepared for challenging and fulfilling lives.

To set up Academic Excellence the initiatives taken by the college are to

Develop an experience that will immerse the students on a purposeful, ambitious path of inquiry and achievement in the classroom and in their personal development.

Ensure that our curriculum provides students with the best possible preparation for lifelong learning, success in their chosen profession.

Encourage and support the production of excellent scholarly and creative work and develop an attitude of social responsibility and an understanding of cultural and intellectual differences.

Create institutional structures to support an enhanced culture of writing,

Strengthen and expand faculty development opportunities to support inclusive pedagogy and continuing faculty innovation in the classroom.
